Step 1

First wash your hair thoroughly with the original Nexxus Aloe Rid then rinse off well and towel dry with a clean towel.

Step 2

Get large salad bowl and fill it with Arm N Hammer baking soda. Slowly add warm water and mix until the consistency is like a Slurpee or "malted", it must be very wet or it will clump up. Now massage in hair for 5 to 7 minutes then rinse off and towel dry.

Step 3

Spray the Clean and Clear Astringent over your whole head and make sure you spray enough to saturate your entire head and massage in for 5 to 7 minutes. Have your towel ready and wipe anything that drips down. Let Clean and Clear sit for 30 minutes.

Step 4

(After 30 minutes of the Clean and Clear Sitting on your head) Take a very small dab of Liquid Tide and scrub the hair follicle for 3 to 7 minutes. Rub the Tide with your fingers and you should feel like the tide is an abrasive rubbing against the hair. Try not to make it very foamy or sudsy then rinse off the tide detergent well.

Step 5

Apply Nexxus Aloe Rid and rinse off.

Step 6

Spray vinegar on your entire head and make sure you spray enough to saturate your entire head. Massage thoroughly into hair and do not rinse off, only pat dry. Wipe forehead and ears if necessary.

Step 7

Spray Clean and Clear Astringent over your entire head and make sure the hair is saturated with Clean & Clear and Massage thoroughly. You should feel a strong tingling sensation. (Do not get this into your ears or eyes). Have a towel ready to wipe away anything drips down and let the Clean and Clear sit on your hair for 30 minutes.

Step 8

(After 30 minutes of the Clean and Clear Sitting on your head) Take a very small dab of Liquid Tide and scrub the hair follicle for 3 to 7 minutes. Rub the Tide with your fingers and you should feel like the tide is an abrasive rubbing against the hair. Try not to make it very foamy or sudsy and then rinse off the tide detergent well.

Step 9

Now do last wash with Nexxus Aloe Rid so your hair won't smell like vinegar or laundry.
